FURTHER RESPONSE AFTER FINAL

Sir:

In further response to the Official Action dated March 5, 2003, please amend this application as follows.

Re-write Claim 1 as follows.

1. (thrice amended) An apparatus for carrying out solid phase microextraction of target analytes included in a fluid or a solid sample, comprising gas tight enclosure means for receiving the sample before the enclosure is made gas tight, means located within the enclosure means for extracting the target analytes from the sample, and means located outside of the enclosure means for chemically desorbing the target analytes by solvent
